Jointly Sponsored by  
DoD Deployment Health Clinical Center,  
&  
U. S. Army Medical Command

U.S. ARMY MEDCOM

Quality Management Office

**Goal:**

To re-energize implementation of the DoD/VA Post-Deployment Health Evaluation and Management Clinical Practice Guideline (PDH-CPG).

**Objectives:**

1. To redouble efforts to drive implementation of post-deployment health practices.
2. To renew emphasis and importance on standardized use of PDH CPG processes.
3. To encourage active participation in consultation services available to MTF staff for implementation of the PDH-CPG.
4. To provide training to primary health care providers, receptionists, nursing, and quality management staff in critical procedures associated with PDH-CPG implementation and use.
